

Journeyman Millwright – Surrey, BC

Join Our Team

Your career starts here. When you come to work with us at Murray Latta Progressive Machine (MLPM), you'll have so much more than a job. You'll join a well-established business with a very long and outstanding reputation in the industry. As an organization, we offer a supportive community of peers and managers, where your passion and expertise can shine and be noticed. In our team-based work environment, your opinion will be valued and you can take pride in delivering the best of custom manufactured equipment and services in the industry.

We are looking for a full-time, dynamic, and reliable **Journeyman Millwright** to join our team. The successful candidate will be a team player, who is personable, extremely well organized, has high attention to detail and is very efficient.

Key Responsibilities (include but are not limited to the following):

- Read and interpret blueprints, schematics and detailed repair drawings related to construction equipment and machinery
- Dismantle equipment when required for repair or transportation and reassemble it at the appropriate time
- Move equipment to appropriate site for repair or maintenance to avoid contamination or workplace safety hazards
- Create solid foundations for machines on-site and instruct other construction workers about safe and efficient interaction with machinery and equipment
- Align and calibrate machinery and equipment parts as required for efficient and safe operation
- Grind and file machinery parts both on-site and in controlled circumstances
- Travel to construction sites (sometimes multiple sites per day) to meet project-based needs
- Use a variety of hand tools, measuring tools, and equipment for cutting, welding and brazing to adequately fulfill your daily job duties
- Direct construction workers when interacting with or using equipment

Key Competencies:

- Excellent verbal and written communication skills;
- Excellent organizational and time management skills with the ability to multi-task;
- Strong attention to detail;
- Working knowledge of computers, including proficiency in MS Word, Excel and Outlook;
- Self motivation and the ability to work both independently as well as in a team environment

Qualifications:

- High school diploma/GED required
- Journey Level Millwright - provincial certification required
- Extensive knowledge of construction equipment and machinery
